[WMS]

GUIDE 2021

Warehouse Management System (WMS) solutions help streamline order fulfillment, increase inventory accuracy, and optimize equipment utilization. This short list of leading WMS solutions can help your enterprise react agilely and quickly to meet today's new customer demands.

WMS GUIDE 2021

COMPANY	PRODUCT	DESCRIPTION
3PL Central El Segundo, CA 3plcentral.com 888-375-2368	**3PL Warehouse Manager**	Cloud-based WMS solution to help 3PLs focus on customer satisfaction, operate more efficiently, and grow faster. As the backbone of a company's operations, the WMS manages inventory, automates routine tasks, and delivers complete visibility.
ASC Software Beavercreek, OH ASCsoftware.com 937-428-1428	**ASCTrac**	Designed from the ground up to manage complex supply chain operations in real time and at the point of activity using mobile apps and auto ID. The processes and logic for managing operations are built into the system and administrator configurable. PC screens and reports are end-user definable.
AutoScheduler.AI Austin, TX autoscheduler.ai 615-428-2035	**AutoScheduler.AI**	A WMS accelerator that helps improve on-time, in-full (OTIF) fulfillment using AI, machine learning, digital twins, and prescriptive analytics. Smooths warehouse operations by integrating seamlessly with existing systems and orchestrating activities across the supply chain. Dynamically manages OTIF, inventory, and schedules that change as conditions shift.
Blue Yonder Scottsdale, AZ BlueYonder.com 833-532-4764	**Blue Yonder Warehouse Management System**	Empowers users to drive change with real-time transaction processing, optimized storage and selection strategies, optimal warehouse tasking, and integrated labor and workforce management delivered on a modern user interface. Leverages the power of the digital platform to extend capabilities that enable user-specific applications.
Cadre Technologies Denver, CO cadretech.com 866-252-2373	**Cadence WMS**	Integrates warehouse operations with logistics and fulfillment for logistics (3PL/4PL), distribution and manufacturing companies. Managing businesses with multiple clients, distributors, suppliers, and warehouses, the WMS delivers critical information to staff and management in real time using wireless, handheld computers and desktop devices.
Camelot 3PL Software Charlotte, NC 3plsoftware.com 704-554-1670	**Excalibur WMS**	A complete warehouse management solution developed exclusively for third-party logistics warehouses and fulfillment operations. Built within the Microsoft Dynamics 365 Business Central platform, Excalibur provides a comprehensive system to receive, store, and ship inventory in a multi-client operation with a highly customizable solution.
Core eBusiness Solutions Fairfield, NJ core-warehouse.com 201-836-8900	**CoreWarehouse**	Takes advantage of robust feature sets, advanced warehouse planning tools, and warehouse event management/active messaging to reduce inventory and costs. Highly configurable and easy to use in a variety of industries. Links to all desktop, laptop, tablet, and smartphone devices.
Datex Clearwater, FL datexcorp.com 725-571-4159	**FootPrint WMS**	Integration-ready, flexible, workflow-driven WMS handles fast-paced, high-volume operations including 3PL, e-commerce fulfillment, distribution, refrigerated warehousing, and pharma/healthcare. Includes customizable reporting, serialization/aggregation, 3PL billing, and web portal.
Deposco Alpharetta, GA deposco.com 877-770-1110	**Bright Suite-Bright Warehouse**	Provides enterprise-grade benefits such as company-wide visibility, extensive flexibility, and real-time data generation, regardless of a company's existing size and infrastructure. Empowers warehouse teams to pick, pack, and ship orders quickly and accurately using optimized processes.
DiCentral Houston, TX smartturn.com 281-480-1121	**SmartTurn**	On-demand, Microsoft-certified WMS manages purchasing, receiving and putaway, inventory control, order fulfillment, and shipping across a range of industries.

COMPANY	PRODUCT	DESCRIPTION
EVS Boulder, CO evssw.com 303-494-1765	**mobe3**	Helps optimize warehouse layout and direct picking routes so more orders can be filled with fewer trips, allowing users to increase picks per hour by 300%. User friendly, with easy implementation. Flexible and configurable, mobe3 fully integrates with ERP and other systems like TMS, MES, weigh scales, robots, and even Slack.
FASCOR Cincinnati, OH fascor.com 513-421-1777	**FASCOR WMS**	ERP agnostic, FASCOR's WMS is designed to control operational costs, improve inventory control, reduce labor requirements, and maximize accuracy. Enhances productivity, optimizes resource scheduling, and empowers users to deliver better customer service.
Flowspace Los Angeles, CA flow.space 323-741-1325	**Flowspace**	Cloud-based warehouse management and order fulfillment platform enables order status tracking, inventory management, shipping, and item labeling. Enables administrators to print shipping labels, create flexible parcel billing accounts, generate reports, and manage user and merchant accounts.
Foxfire Greenville, SC foxfiresoftware.com 864-630-3238	**Foxfire WMS**	Makes it easier for warehouses with high order volumes to efficiently manage inventory and operations. Flexible feature set, intuitive layout, easy implementation, accurate and real-time information. Integrates with any system and iPhone and Android friendly.
Foysonis Raleigh, NC foysonis.com 800-380-5206	**Foysonis WMS**	Cloud-powered modern WMS to run 21st century warehouse operations. Manages receiving, orders and shipments, picking and replenishment, inventory, and kitting. Generates reports. Enables mobile warehouse management.
Generix Group Montreal, QC generixgroup.com 514-938-4562	**Solochain WMS**	Highly flexible and adaptive solution built for companies that need their supply chains to be nimble, efficient, and scaling, while ensuring execution excellence. Easy to configure and customize. Includes built-in MES functionality.
GEODIS Brentwood, TN geodis.com 615-750-0943	**GEODIS WMS**	FDA-validated, 3PL-designed, robust Tier 1 system supports many industry verticals. Fully hosted, developed and supported by GEODIS. Developed to scale with a company's growth in both volume and business requirements.
Highway 905 Hillsborough, NJ highway905.com 908-874-4867	**Highway 905 WMS**	Cloud-based and easily scalable solution for global businesses of any size. A real-time warehouse control and operational dashboard with end-to-end inventory visibility, optimized labor management, highly customizable features, and a real-time analytics-driven order fulfillment and automation framework.
Infor New York, NY infor.com 646-336-1700	**Infor WMS**	Combines core warehouse functionality with labor, task, wave, and 3PL management on one configurable, scalable database. The contemporary user interface, combined with an open API framework, enables features such as Web RF, 3D visual warehousing, and voice processing, allowing companies to manage multiple channels from a single warehouse.
Interlink Technologies Perrysburg OH thinkinterlink.com 800-655-5465	**Warehouse-LINK**	Web-based access with real-time visibility into inventory for improved order, space, labor, and warehouse management. Functionality includes location management, cubic capacity, date expiration management, receiving, cycle counting, dynamic putaway, crossdock, replenishment, and kitting.

WMS GUIDE 2021

COMPANY	PRODUCT	DESCRIPTION
Körber Minneapolis, MN koerber-supplychain.com 800-328-3271	**K.Motion Warehouse Advantage**	Delivers highly configurable WMS functionality hosted on premier cloud platforms. As companies grow, the Körber solution increases computing capacity on the fly with no downtime. Companies also can expand by defining the elasticity allowed to support seasonal growth and achieve scalability.
Logimax Jacksonville, FL e-logimax.com 855-253-8855	**Logimax WMS**	Built specifically for warehouse management with easily configurable functionality for receipts, putaways, transfers, counts and picks. Recognizes item velocity, seasonality, and stackability to maximize space utilization. Integrated RF data collection for receiving, put away, inventory counting, inquiry and re-warehouse as well as basic order picking.
Made4net Teaneck, NJ made4net.com 201-645-4345	**WarehouseExpert**	End-to-end platform enables real-time inventory visibility, labor management, and equipment productivity with performance analytics that drive fast and accurate order fulfillment and improved supply chain efficiency. Also offers integrated yard management, dynamic route management, proof of delivery, and warehouse automation solutions.
Magaya Miami, FL magaya.com 786-845-9150	**Magaya Supply Chain**	An all-in-one logistics and supply chain solution with a built-in WMS improves warehouse productivity, accuracy, and profitability with configurable optimization workflows. Offers mobile warehouse management with the Flow WMS app for Android and iOS, as well as automation with the Magaya Dimensioner.
Manhattan Associates Atlanta, GA manh.com 770-955-7070	**Manhattan Active Warehouse Management**	A unified supply chain execution tool that combines all demand, supply, labor, slotting and automation into a single, cloud-native application built entirely from microservices.
MHS (Material Handling Systems) Louisville, KY mhsglobal.com 502-636-0690	**Helix WMS**	Template-based modules for equipment control, inventory management, and order fulfillment, designed to work together in customized configurations to meet a facility's unique requirements. Works seamlessly across enterprise systems and machine-level controllers, providing split-second response and information accessibility to keep operations moving.
Odyssey Logistics Danbury, CT odysseylogistics.com 855-875-0681	**Odyssey WMS**	Delivers 24/7 online access to data, reporting, and all aspects of lot control. Comprehensive documentation services. Full suite of EDI connectivity to all major ERPs as well as custom interfaces to proprietary systems. Real-time and historical review of inventory movement.
Oracle Austin, TX oracle.com/wms 800-392-2999	**Oracle WMS Cloud**	Transforms warehouse operations to meet the challenges of today's demand-driven marketplace. Successfully manages complex fulfillment operations, and provides total inventory visibility from the distribution center to the store shelf.
PathGuide Technologies Bothell, WA pathguide.com 888-627-9797	**Latitude WMS**	Gives distributors complete control over inventory and increases the speed and efficiency of warehouse/DC operations, from receiving and order picking to manifesting and truck route/stop management. Improves picking accuracy so shipments are done right the first time, which increases customer satisfaction and lowers labor costs.
proVision Toronto, ON provisionwms.com 416-874-4929	**proVision WMS**	Enables distribution centers and third-party logistics companies to rapidly improve warehouse operations and meet the growing demands of customers at lower cost.

COMPANY	PRODUCT	DESCRIPTION
QSSI Somerset, NJ qssi-wms.com 732-805-0400	**PowerHouse WMS**	Combines years of warehouse expertise and proven implementation methodology to deliver a Tier-1, expert tool set supported by an employee-owned company that is organized to reflect its core value of support.
Ramco Systems Princeton, NJ ramco.com 609-620-4800	**Ramco WMS**	Helps logistics service providers manage key warehousing operations from basic receipt, GR, putaway, pick, pack and dispatch functions to sophisticated warehousing needs. Equipped with an in-built command center, Ramco WMS helps 3PLs streamline and scale up warehouse efficiency by improving on-time order fulfillment and productivity.
Robocom (a CAi Software company) Smithfield, RI caisoft.com/products/wms 800-422-4782	**ROC**	Provides comprehensive control over all aspects of warehouse activity and flexibility to adapt to the unique characteristics of different industry vertical requirements. Designed to maximize productivity and streamline warehouse and distribution operations. Paperless solution includes workforce optimization, yard management, and extensive audit tracking.
Scan Global Logistics Seattle, WA scangl.com 206-244-0330	**ScanWMS**	Enables users to easily manage inventory, place orders, initiate shipments and receive up-to-date purchase order and shipment status information. Interfaces seamlessly with Scan Global Logistics' full suite of logistics management tools, and/or a company's own systems.
Softeon Reston, VA softeon.com 703-793-0005	**Softeon WMS**	Functionally rich, configurable capabilities out of the box. Direct integration and optimization for a variety of materials handling system technologies. Wave-based, waveless, or combination order release. Dynamic rules-engine foundation provides high levels of adaptability. Fixed-price deployments, in the cloud or on-premise.
SphereWMS Denver, CO spherewms.com 818-678-2601	**SphereWMS**	Provides real-time visibility and reporting tools for all supply chain stakeholders. Simplifies the management of complex order and inventory business processes, making it easy for logistics operators to manage multi-client and multi-site warehouses. Up and running in days, not months.
Synergy North America Broomfield, CO snapfulfil.com 720-372-1250	**SnapFulfil**	Real-time solution with remote implementation and self-configuration capabilities. Highly flexible and innovative cloud-based subscription model delivers a lower total cost of ownership than traditional installations, creating a blend of Tier 1 functionality, proven delivery methodology, and enterprise-class IT infrastructure.
Tecsys Montreal, QC tecsys.com 800-922-8649	**Elite WMS, Omni WMS**	Elite WMS helps companies eliminate inefficiencies, improve order accuracy, reduce operating costs, and attain high service levels. Omni WMS, designed for omnichannel and e-commerce fulfillment, is a cloud-based solution that brings efficiency, accuracy, and speed to warehouse operations.
Westfalia Technologies York, PA savanna.net 717-764-1115	**Savanna.NET**	Comprised of tightly integrated WMS and WCS software that conforms to individual business processes. Based on Microsoft C# and .NET technologies, Savanna.NET directs, controls, and optimizes internal material flow and order picking as a system-wide software solution.
ZETHCON Lombard, IL zethcon.com 630-748-3100	**Synapse**	Built for the complexity and unique demands of modern 3PL operations. Completely paperless, the solution incorporates RF mobility and scanning for real-time tasking across a broad range of critical functions.
